### DETAILED ACTION

The amendment of 10/22/01 had been received and entered.

Claims 1-6 are pending.

Claims 1-3 are examined on the merits.

#### ***Election/Restrictions***

Applicant's election with traverse of claims 1-3 in Paper No. 5 is acknowledged.

The traversal is on the ground(s) that there is no burdensome

search. This is not found persuasive because the claims are properly grouped in different classes, so the search would indeed be burdensome.

The requirement is still deemed proper and is therefore made FINAL.

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 2 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Art Unit: 1651

The claim is rendered indefinite and unclear by the phrase "characterized in that".  
Presentation of the claim without this language is recommended.
